Head, Department of English, SIR C.R. Reddy College (A), Eluru. Dr. L.V.Krishna Rao, Coordinator, IQAC in his welcome note address highlighted the objective of conducting this workshop. Our Principal Dr.S.Madhavi has stressed the importance of getting NAAC Accreditation by 2022 as per new NAAC guidelines.

#### **WORKSHOP ON PYTHON PROGRAMMING**

A two days workshop on Python Programming was organized by our college Computer Science department on 15th and 16<sup>th</sup> November 2021. The Resource Person of this workshop Smt A.C. Priya Ranjani, HOD, Department of Computer Science, Vijaya Institute of Technology for Women created awareness among students on how Python is used in Programming language, Machine Learning, Artificial Intelligence and Web Development. Our Principal Dr. S. Madhavi speaking on this occasion said that this workshop will provide knowledge, skills and confidence to creatively tackle their own ambitious projects with Python.

## **SIX DAYS TRAINING PROGRAMME ON SOFT SKILLS**

A six days training programme on soft skills was organised by our college Jawahar Knowledge Centre and English Department in association with APITA & Nandi Foundation from 29<sup>th</sup> November 2021 to 4<sup>th</sup> December 2021. The Resource persons for this programme were Sri. B. Anjaneeyulu and Sri. Y. Muralidhar from Nandi Foundation. Soft skills refer to both character traits and interpersonal skills that will influence how well a person can work or interact with others. The term soft skills cover a wide range of skills as diverse as teamwork, time management, empathy and delegation. These skills make it easier to form relationships with people, create trust and dependability, and lead teams. By developing strong leadership, delegation, teamwork, and communication abilities, we can run projects more smoothly, deliver results that please everyone and even positively influence our personal life by improving how we interact with others. They help to build friendship groups and meet potential partners. Hence, Soft skills are useful both in our professional and personal lives.

The Programme was very fruitful, enriching and at the same time enlightening to the students. At the end of this training the students were able to overcome their stage fear, prepare a flaw less resume, express themselves clearly before a large audience, do teamwork without any kind of inhibition, inculcate leadership qualities, gain self-confidence, understand the need to respect others and their feelings, learn how to get ready for an interview, realize the importance of time and money.

## **AWARENESS PROGRAMME ON INTELLECTUAL PROPERTY RIGHTS**

Intellectual Property Rights (IPRs) are legal rights that protect creations and/or inventions resulting from intellectual activity in the industrial, scientific, literary or artistic fields. The most common IPRs include patents, copyrights, marks and trade secrets. The office of controller General of Patents, Designs and Trademarks invited all the esteemed institutions to participate in the National Intellectual Awareness Mission (NIPAM) launched by the Government Of India by organizing an Awareness Program on Intellectual Property Rights (IPR) for the students of state universities/Institutions on the occasion of 75th Anniversary of our Nations Independence under the banner of “Azadi ka Amrit Mahotsav”. The Government of India has started this mission under which awareness on Intellectual Property Rights (IPR) would be imparted to one million students during the period from 15 August 2021 to 15 August 2022.

In view of the recognition of IPR as an important factor in grading institutions under NAAC and NIRF frameworks, ' permission is hereby accorded to the Government Degree Colleges in the state to conduct IPR awareness programs in association with the Patent Office, Chennai., The Commissioner Of Collegiate Education has accorded permission to the Government Degree Colleges in the state to conduct IPR awareness programs in association with the Patent Office, Chennai.

In this connection as per the instructions of The Commissioner Of Collegiate Education an Awareness Program on Intellectual Property Rights was organized by our college IQAC in association with the Patent Office, Chennai on 11th March 2022. Total 35 Faculty and 303students participated in this program and were issued certificates.

This program was chaired by our college Principal Dr. S. Madhavi supported by Academic Coordinator Smt. K. R. Manjula, IQAC Coordinator Dr. L. V. Krishna Rao and the

program organizer Dr. Krishna Mohan. Speaking on this occasion, our Principal Dr. S. Madhavi said that IPR is important for upcoming student innovators, creators, and inventors to understand how to manage intellectual property (IP) specifically as it relates to an educational setting. This will give them a solid grounding in legislative practices related to copyright, trademark, patents, designs, etc. IPR awareness can help them protect their unique creations. Protecting and managing their research results are the most significant benefits of IPR for researchers.

**Objective of the program:**

- ❖ To expose the students to various types of IPR
- ❖ To ignite their intellectual thoughts
- ❖ To motivate them to think innovatively
- ❖ To transform their innovative ideas in to intellectual property rights.

Total Participants registered : 338

Total Certificates issued : 338

## **TWO DAY WOKSHOP ON REGENERATIVE ORGANIC FARMING**

A Two Day Wokshop on Regeneative Organic Farming was organized by the Department of BioTechnology in association with Nandi Foundation fom 14 March 2022 to 15 March 2022. Total 40 students of Biotechnology participated in this workshop. In this lively, enlightening workshop the Resouce Person, explained how we can substitute the usage of chemical fertilizers and pesticides with usage of organic fertilizers and pesticides to rejuvenate the Earth for the sake of human health.

On the first day of the Workshop, students learned the Pros and Cons of Regenerative faming and they prepared charts and models on Organic Farming. On the Second Day, they learned the preparation of Organic Fertilizers like Panchagavya, Jeevamutham, Organic manure using cow dung, milk, ghee, dry and wet leaves etc.
