Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences.

ICT tools

In the academic year 2023-24, V.S.R. Govt Degree & P.G College, Movva, extensively integrated ICT tools into the teaching-learning process to enhance students' educational experience. Tools such as digital presentations, online resources, virtual labs, and e-learning platforms were employed to make learning more engaging and interactive. Faculty encouraged students to utilize ICT for assignments, projects, and research, helping them develop essential digital literacy skills. This approach enabled students to access diverse learning materials, collaborate online, and stay updated with the latest advancements in their subjects. The use of ICT tools not only enriched the learning process but also prepared students for a technology-driven world.
