INTERNATIONAL MOTHER LANGUAGE DAY

“If you talk to a man in a language he understands, that goes to his head.

If you talk to him in his language, that goes to his heart –Nelson Mandela.

International Mother Language/Tongue Day is a worldwide annual observance held on **21 February** to promote awareness of linguistic and cultural diversity and to promote multilingualism. Mother Language Day is part of a broader initiative **"to promote the preservation and protection of all languages used by people of the world"**. **“Using technology for multilingual learning: Challenges and opportunities”** is the theme for this year 2022. This year's theme focus is to advance multilingual education based on the potential role of technology and support the development of quality teaching and learning for all. On this occasion our college Telugu Department conducted an essay writing competition on **“The Role of student in Preserving Mother Tongue”**. All the students enthusiastically participated in this essay writing competition.

Language is the key to our creative thinking and expression. We all have the responsibility to preserve, promote and pass on our mother tongue to future generations.

PROGRAM ON CAREER GUIDANCE AND ENTREPRENEUR SKILLS

On 23rd February JKC team of the college organized a program on Career Guidance and Entrepreneurship Skills for the first and second year students from 11a.m. to 1p.m. in the college new library hall. Smt. Gayathri Sridhar, CCE consultant acted as resource person to this program. In this lively, interactive session Smt. Gayathri Sridhar focused on time management, goal setting, life planning, women empowerment and self-employment opportunities. She discussed with students about their future targets and their present day requirements. The program was chaired by our college Principal Dr. S. Madhavi, supported by Smt.K.R.Manjula, Academic coordinator and Dr.LVKrishna Rao, IQAC coordinator. Later in the afternoon session Smt. Gayathri Sridhar interacted with the teaching faculty and discussed various methodologies and strategies being employed in the teaching learning process for undergraduate students. She also suggested the staff members to employ more student centric and activity based methods in order to overcome the monotony of traditional teaching methods.

NATIONAL SCIENCE DAY CELEBRATION

National Science Day commemorates the discovery of the Raman Effect by Dr.C.V.Raman, for which he won the Nobel Prize in Physics. The National Science Day is celebrated on 28th February every year across the country in honour of physicist C.V.Raman's discovery of the Raman Effect, which gave Asia's Nobel Prize in the Sciences in 1930. Sir.C.V.Raman and his student-collaborator K.S.Krishnan made this discovery of the phenomenon in 1928. It was the first Nobel in Physics for a non-white person and for an Indian scientist.

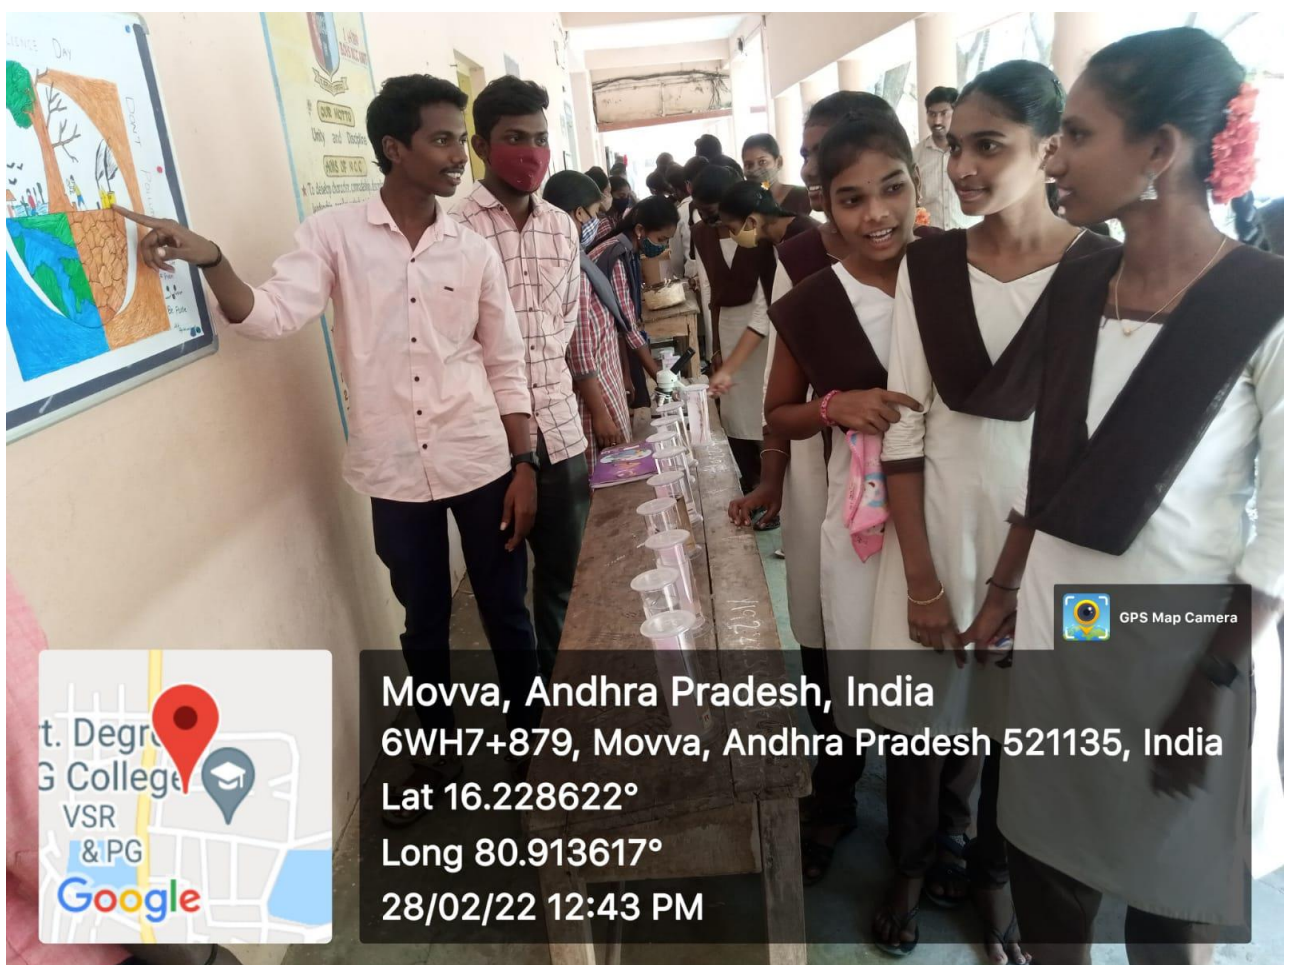

The theme of National Science Day 2022 is '**Integrated Approach in Science and Technology for a Sustainable Future**'. On the occasion of National Science Day, the Department of Physics conducted Science day celebrations in our college. Science day celebrations started with the inaugural session on 28th Feb 2022 with the lighting of the lamp and paying homage to Sir.C.V.Raman. Students and faculty of our college, Junior colleges and various schools attended the programme. Our college principal, Dr.S.Madhavi presided over the session and gave a brief introduction about the significance of celebrating National Science Day on 28th February and she motivated the students to choose scientific

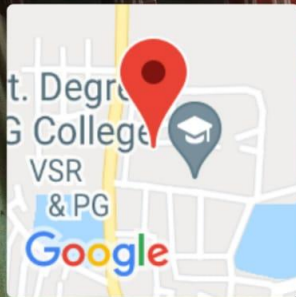

research as their career and to come up with new inventions.

In this connection, Science exhibition was organized. The students from various science departments of our college exhibited working models. All the faculty, students, media and others visited and appreciated the exhibits. The Department of Chemistry, also conducted Science Exhibition and conducted experiments on Osmosis, Chromatography and Food Adulteration. They also conducted a National Level online Quiz on this occasion.

National Science Day's primary objective is to ignite an interest in science, inspire people, especially students, to perform new experiments, and make them aware of the latest developments in science and technology.
